

## Physician Support

When physicians specify Advanced Infusion Services (AIS) for your patients, you can be guaranteed:

- We will utilize a multidisciplinary team approach with extensive clinical resources to provide quality care.
- We will inform you of your patient's progress on a periodic basis in the method you request - telephone, fax, or mail.
- We will contact you immediately if the patient's condition changes unexpectedly or if our staff has specific questions for you about the patient's care.
- We will monitor and alert you to lab results which affect dosing of medications.

## Drug Dosage & Interactions... An Informational Service for Physicians

If you have any questions about drug dosages or interactions, you can receive information any time from our AIS registered pharmacists experienced in infusion therapies. Call our office at 330-972-3311.

**Our mission is to improve the health and lives of our patients and community.**

Serving the area since 1997.

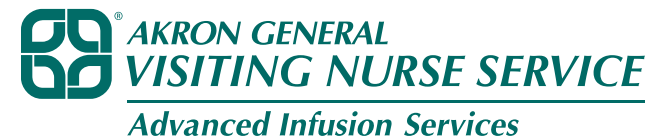

**An affiliate of Visiting Nurse Service and Affiliates,  
Ohio's most comprehensive home health care system.**

Accredited by the Community Health  
Accreditation Program

EEO

# Advanced Infusion Services

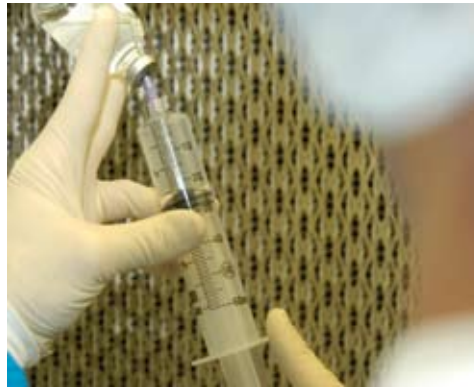

*A full-service infusion company*

## Complete, Yet Simplified Patient Care

AIS covers all the necessary steps for home infusion therapy:

- The AIS pharmacist and reimbursement specialist work in collaboration with the referral source to review the patient's plan of treatment and address reimbursement criteria.
- Upon admission, we contact patients to assess their infusion needs and explain the home infusion therapy planned.
- Services can be provided in individual homes, senior living facilities, nursing facilities, at work and other sites as requested.
- Pharmaceuticals are prepared locally by trained technicians in a state-of-the-art clean room allowing for a quick response to our patients' needs.
- Patients and families are thoroughly educated on procedures and, when appropriate, are encouraged to participate in the care to gain independence.
- Our pharmacists are on call 24 hours a day, 7 days a week so you are never left without support.
