

Quality care, convenient and professional services

VNS Equipment & Supplies makes it easy for you to access services you need. Simply ask your physician, your hospital social worker or care manager, your insurance company, or call us yourself. Your supplies will be delivered to you conveniently and timely. You can also stop by our stores to see our products on display.

We make all the necessary arrangements, research payer sources for reimbursement and submit claims for you. Payment is accepted from Medicare, private insurance, PASSPORT, self-pay and managed care organizations (subject to applicable patient co-payments). VISA, MasterCard, American Express and Discover are accepted.

Reliable services make life easier for everyone

VNS Equipment & Supplies provides a wide variety of home medical equipment and supplies. Delivery, installation, proper instruction on use, efficient maintenance and reliable emergency service are provided at no charge.

Early planning for your home medical needs can often save time and money. If you are hospitalized, your discharge planning team at the hospital thoroughly assesses your needs. If you are at home, our support professionals provide this same service. Through our experienced input, your equipment and service needs are met efficiently and effectively — making your life easier.

VNS Equipment & Supplies provides a wide array of products delivered promptly by a courteous and well-trained staff, backed by the support of our 24-hour emergency service.

Helping with your respiratory needs

Our in-home respiratory equipment and services are beneficial to patients with a variety of conditions. Each program is tailored to best suit every patient's personal needs and lifestyle.

VNS Equipment & Supplies maintains an extensive inventory of oxygen and respiratory therapy equipment, including, but not limited to:

- Oxygen cylinders
- Oxygen concentrators
- Liquid oxygen systems
- Light-weight portable oxygen units
- Suction equipment
- Aerosol medication compressors
- CPAP/Bi-Level machines and supplies

Our staff of professional respiratory therapists also offer pulse oximetry assessments, no-charge comprehensive respiratory assessments, respiratory follow-up and personalized mask fittings.

We offer a complete selection of equipment and supplies

High-quality medical equipment and supplies can make life easier for patients and their families, often increasing levels of functional independence and helping control costs. Equipment is available for rental or purchase. Our comprehensive inventory includes, but is not limited to:

- Hospital beds
- Wheelchairs
- Seat-lift chairs
- Bedside commodes
- Patient lifts
- Feeding pumps
- Bathroom safety aids
- Continence supplies
- Blood pressure units
- Pulse oximeters
- Stethoscopes
- Glucose testing machines and supplies
- Humidifiers
- Breast pumps
- Suction machines
- Parenteral and enteral nutrition
- Wound dressings
- Ostomy supplies

Equipment is installed by trained technicians. Patients and families are carefully instructed in its use and care. 24-hour-a-day emergency service is available for your comfort and convenience.
