

# HOME CARE NOTES

## Personal Care Services:

***Offering Care and Support for Patients Who Need Additional Help in the Home***

### DESCRIPTION:

We understand that today's busy lifestyles often require assistance with caregiving responsibilities for a variety of situations. For this reason, we provide trained, insured and bonded caregivers for a variety of your patient's caregiving needs.

**Home Health Aides** assist patients with personal care or daily tasks including:

- Bathing/Shampooing
- Shaving
- Mobility
- Light Housekeeping
- Medication Reminders
- Meals
- Laundry
- Shopping
- Errands
- Transportation to doctors appointments

**Companions** offer great companionship and a sense of security at home or during a hospital stay, such as:

- Conversation
- Reading
- Board Games/Playing Cards
- Monitoring Safety

Our **Same Day Surgery** program includes transporting patients to and from the surgery facility, preparing meals, picking up prescriptions and assisting with personal care as needed.

Our **trained Mother's Helpers** can help a new mother adjust to a new, and sometimes overwhelming, schedule. Choose to have our helpers take care of daily tasks such as housekeeping and running errands while mom enjoys quality time with the baby; or, our helper can watch the baby while mom takes a much-needed rest. Our Mother's Helpers are **Infant CPR certified and background checked**.

### BENEFITS:

- Patient's needs are met in the home.
- Respite care when needed.

**Please note:** PCS accepts payment from PASSPORT, Care Coordination, Veteran's Administration and Self-Pay.
