

HOME CARE NOTES

Home Medical Equipment: Oxygen/Respiratory Services and Medical Supplies

Description

Visiting Nurse Service Equipment & Supplies (VNSES) is committed to meeting the needs of persons with special medical conditions. We offer a wide variety of products, and our trained staff can assist in selecting appropriate equipment and supplies. We can provide solutions to problems encountered during day-to-day activities.

Patients can choose to visit our showroom or to have the products delivered to their home. Trained technicians will deliver the materials ordered, install them in the home and instruct the patient and family on proper use and care. Equipment, oxygen and supplies can be ordered and delivered 24 hours a day, 7 days a week.
